Virginia Elks,

The North Carolina Elks, our sister state, were hit hard by Hurricane Florence. They say it was the "storm of the century," and it is heartbreaking to see what they are going through.

The North Carolina Coast has taken a beating. Eighteen North Carolina counties have been declared disaster areas. At least 27 people have died in storm-related incidents and 343,000 people are without power in North Carolina.

Many lodges have asked "what can our Lodge do to help?"

I have been in contact with Ron Delzer North Carolina State President, he stated "the lodges on the coast took most of the damage and we are contacting these Lodges to find out if there is any damage and what they need".

Virginia Elks can donate individually or by a lodge, or we can donate as a state. Our donations, together with donations from other State Associations, can help our brothers and sisters who need us most right now.

Every dollar collected is a dollar more for those who need it most for food, clothes and other necessities.

Donations for the North Carolina disaster relief victims. Please consider making a contribution today to help live up to our motto, Elks Care – Elks Share. Make checks out to:

*NCSE Charitable Trust
